

Nassau County EOC Operations VHF Channel Plan

NOTES:

This channel plan was developed to support Nassau County Emergency Management operations. Please be aware, transmissions on most of these frequencies, by un-authorized personnel that have other means of communication, and that do not involve life or property threatening emergencies, is a crime.

~ 128 Channel Radio Required.

TX Frequency is for mobiles, i.e. Talk-In side of repeater.

Group and Channel names will fit an 8 character display.

If using a commercial radio, program all the amateur and federal frequencies you can.

Group	Channel	Scan	Group Name	Channel Name	Description	RX Frequency (MHz)	RX Tone (Hz)	TX Frequency (MHz)	TX CTCSS (Hz)	Mode
